

Security Cribs!

When bedtime comes, baby is more than willing to be tucked away in his comfortable crib.

He is just as safe as though right in front of mother's watchful eyes. These cribs have sliding sides. The rods are close enough together so that baby can't wedge between them or hurt himself in any way. These cribs are finished in white enamel and oxidized. In various styles.

We are showing one with sliding sides, continuous posts and soft-top mattress, complete for \$9.50; with all-felt mattress, \$10.25. A comparison with others will show you the value of this offering.

The Season's Most Attractive Models!

The Garment situation is getting more and more interesting every day. The scarcity of many materials, caused through the government demand for many of the best mills to turn over their entire product for clothing for the soldiers.

We were exceptionally fortunate in buying early and at the old prices, so that now we have one of the largest and best stocks of Ready-Made Goods it has been our pleasure to show, and at prices that are a surprise to the trade. You should come in and make your selection while the stock and assortment are at their best.

Ladies' Fur Sets

The time for your selection of Furs is now at hand. If you need Furs, you want them the first of the season. Then you get the first and best wear from them and protect yourself at the time of the season when Furs are of the most value to you. Then, Furs are not like cloths, as hardly two Furs are the same, and we try and give each customer the best Fur in the assortment. So, the last of the season, the Furs that are left are the poorest in the line.

We have an exceptionally large line to select from in qualities and values that you surely will appreciate. The real value is in them, and every Fur we guarantee as in former seasons.

The Season's Dress Values

We are now showing some unusual models in the Wool and Silk Dresses. We have a line of Serge Dresses that are very attractive in style and quality. The many touches that are new and different will surely please you very much.

We have some good Silk Poplin Dresses that are very good, and these are unusually popular this season.

If you want a good Silk Dress, it will surely be to your interest to see our line. We want to show you the line.

We have a few odd Dresses in Silk that we are closing at one-fourth off from the regular prices. These are not old, out-of-style Dresses that we cannot duplicate. We want to clean up the lot while the Dress demand is at its height.

Ladies' Tailored Suits

The Tailored Suits are now in good demand. The weight of the materials and the length of the Coats appeal to the lady of fashion as the proper garment for the season. For a dressy garment, there is nothing that can take the place of the Tailored Suit, and this season they are more suitable for warmth and service than for some time.

You will find some unusually snappy Suit models in the Printz-Beidermann and Wool-tex lines. Then, these Suits are made from materials that are the best. Every garment has special attention, and you will find they will keep their shape and look well after a season's wear. We want you to see these exceptional Suit values.

In our Millinery Department you will surely find Hat Styles and Values that will appeal to you as of unusual worth and style. You should look over this line of Millinery when in looking for your Coat or Suit. If you do not find the Hat to match your Suit, we will get it for you.

50,000 FOOD PLEDGES FROM VERMONT

Vermont Is Leading the Nation in the Preliminary Organizing for Food Conservation Campaign

Week of Oct. 21.

Washington, D. C., Oct. 11.—Vermont is expected to turn into the federal food administration a minimum of 50,000 cards signed by housewives pledging themselves to a conservation of food and to follow the suggestions of the food administration so far as their circumstances will permit. The maximum enrollment in the conservation army for the state is set at 57,681 and if this figure is reached it will mean that every family in the state has committed itself to the creed, "Food will win the war."

Vermont is leading the other states in the union in the preliminary organizing for the great drive that is to be conducted during the week beginning Oct. 21.

The national headquarters will receive frequent returns from state campaign managers and will furnish the press of the country daily reports showing just how each state in the union stands and daily comparisons will be made. This same system will be followed as between counties in the several states. In Vermont county managers will make daily reports to Campaign Manager James P. Taylor at Burlington, Vt., and he will furnish these to the Vermont papers so that a check on the enrollment in each county can be had by the public.

The figures on the number of families in Vermont are based on the United States bureau of census estimates of 1917. The bureau states that the average number of persons per family for Vermont is 4.2. Owing to the fact that

allowances in a pledge card campaign have to be made because of the fact that in some sections of Vermont the population is not dense thereby making the work of the canvassers difficult, it will be considered remarkable if the maximum enrollment is returned. It is felt, however, that the preliminary work in Vermont has been of such a nature that more than a minimum enlistment in the conservation army may be expected. The following table sets forth the Vermont figures, based on 1917 census estimates:

County.	Population.	Maxi.	Mini.
Addison	20,610	4,764	2,814
Bennington	21,378	5,090	3,004
Caledonia	27,235	6,484	3,650
Chittenden	44,534	10,601	5,966
Essex	7,384	1,758	1,024
Franklin	29,868	7,111	4,191
Grand Isle	3,761	895	526
Lamoille	12,801	3,048	1,769
Orange	18,703	4,453	2,624
Orleans	24,296	5,785	3,279

Washington	45,422	10,815	5,860
Windham	27,130	6,459	3,785
